Classes 2016

Yes, it is that time of year when we need to get serious about next year. In the first week of November teachers will work together to set up the classes for next year. If you would like to have a say in your child’s placement please let me have, in writing, your request and we will do our best to honor it.

We are restricted by the numbers of students at each year level but we do what we can to get the best mix of students in each class.

Enrolments 2016

It helps greatly with our planning if we know what our numbers are. If you are intending to enrol a child for 2016 please call and make an appointment as soon as possible.

If you know of a family who is intending to enrol please encourage them to do so as soon as possible.

If you are leaving in 2016 please let us know this also as soon as possible.

On Friday 30 October we celebrate WORLD TEACHERS DAY

Having good teachers throughout our schooling makes our lives better. Good teaching gives us important life-long skills. Good teaching gives us a place in the community beyond our families. Good teaching gives us the confidence and courage to take our place in the world as independent adults. And good teaching is the right of us all.

EEPS is lucky to have good teachers who strive every day to do their best and then better for each student who comes into their care.

If you would like to say thanks to one or more of our teachers on 30 October write them a note, give them a card or send them a text. They will appreciate it.
Room 2
◊ Haydyn for trying hard to stay on a 1 (5 point Scale)

Room 4
◊ Richard for being a superstar dancer
◊ Sakina for showing great persistence in maths
◊ Oaky has achieved level 30 in the Running Records Scaling

### 2016 Dates
- Friday 11 March possible Pupil-free day
- Term 1 week 9 31 March- Aquatics for 6/7s. Venue to be confirmed 9.30- 4pm
- Monday 2 May possible Pupil-free day
Room 22
Information Reports

Elephants by Ella

**General Classification:** Elephants are mammals.
**Appearance:** Elephants have big ears and a long trunk.
**Diet:** Elephants eat plants. They are herbivores.
**Habitat:** Elephants live in Asia and Africa.
**Behaviour:** Elephants can swim.
**Personal Comment:** I like elephants because you can feed them at the zoo.

Cheetahs by Kailee

**General Classification:** Cheetahs are mammals.
**Appearance:** Cheetahs are black and yellow. They have 200 spots.
**Diet:** Cheetahs eat meat. They are a carnivore.
**Habitat:** Cheetahs can live in zoos.
**Behaviour:** Cheetahs can run really fast.
**Personal Comment:** I like Cheetahs because they are furry.
Siberian Husky by Bailey

**General Classification:** Siberian Huskys are mammals.

**Appearance:** All huskys look like a wolf. Fully grown huskys range from 20-22kg.

**Diet:** A husky eats dog food and raw meat which means they are a carnivore.

**Habitat:** A husky lives in a very cold climate. They come from Russia.

**Behaviour:** A husky needs a good amount of exercise. They have an instinct to chase small pets such as cats, hamsters and bunnies.

**Personal Comment:** I like huskys because they are really fluffy.

---

Spinosaurs by Ryan

**General Classification:** A Spinosaurs was a reptile.

**Appearance:** Spinosaurs had a crocodile mouth.

**Diet:** A Spinosaurs was a carnivore. That means it ate meat.

**Habitat:** A Spinosaurs lived in North Africa and in the water.

** Behaviour:** A Spinosaurs had a spine on its back so it could go in the water.

**Personal Comment:** I like Spinosaurs because it went in the water.
DANCE Term 3

Welcome to the new students that have joined us this term!

Over the past 10 weeks the students and I have continued our Arts rich learning through dance. Building on from term one and two, each class has been preparing short dances for our end of year presentation week 6 Term 4.

During term 3 teachers and students have been learning about choreography and how to create movement. This is building on from our work earlier in the year of literacy, numeracy and geometry. Students have been working solo, in duets and in small groups, organizing themselves in lines, groups and shapes, working with set counts, rhythm and timing, and the discipline of practice whilst working with movement sequences, repetition and variation.

Our ‘Flash Mob’ dance (Spontaneous positive group dance) now has the whole school involved so look out for it coming your way soon.

Alongside the students learning of the Arts through a dance focus, the EEPS teachers have been contributing to the choreography of their classes dance for the end of year performances. Building skills for teachers to continue this Arts rich teaching and learning beyond 2015.

I look forward to sharing more learning with the students throughout term 4 and celebrating our achievements as we prepare for our presentation at the end of the year. Yay!

Please see the ‘Stars of the week’ in the newsletter.

Adding to our huge positive ‘wall of images’ growing every week is building on our learning of ‘Positive thinking, positive action’ for the ‘Habits of Mind’. Please celebrate with your child their achievements in co-operation, team work, participation, enthusiasm, listening, creative thinking and more.

To see some of the skills the students have been developing through the Arts Curriculum look at the webpage http://www.australiancurriculum.edu.au/the-arts/introduction

Or to see some of my work look at the webpage
